JUNE WEDDINGS and June brides have been the order of the week that has passed and will continue to be the centre of attraction in the fortnight to come. It has been a beautiful season thus far for the festivities attendant upon pretty weddings and promises to continue with its rare days.

The marriage of Miss Caroline S. Dickson, daughter of Mr. A. W. Dickson, of the Weston Mill company, to Dr. George Anderson Blanchard, took place on Thursday at the First Presbyterian church at 5 o'clock. It was a most attractive wedding and was very largely attended by the representative people of the city. Rev. Dr. James Stuart Dickson, of Philadelphia, an uncle of the bride, assisted Rev. Dr. James McLeod in performing the ceremony. The maid of honor was Miss Louise Matthews. Misses Mildred and Ruth Smith, of Elmhurst, were flower girls. Mr. Herbert Cox, formerly of this city, was groomsmen. Rev. Spencer C. Dickson and Mr. James S. Dickson, brothers of the bride, Captain Arthur B. Foote and Mr. H. W. Rowley were ushers. The bride was given away by her father. At the conclusion of the brief and beautifully impressive ceremony a reception was held at the home of the bride's parents on Quincey avenue, where relatives and a few intimate friends of the family were entertained.

Dr. and Mrs. Blanchard will return from their wedding journey in the course of ten days, when they will occupy the residence now in readiness at 615 Quincey avenue, where they will be at home to their friends after Sept. 1.

The marriage of Miss Florence R. Hull to Mr. James Hopkins Keys took place Tuesday night at the home of the bride's parents, Mr. and Mrs. S. P. Hull, on Sanderson avenue. The ceremony was performed by Rev. Dr. I. J. Lansing. The bridesmaids were Miss Blanche Hull, a sister of the bride, and Miss Sarah Fordham. The flower girls were Misses Pauline Peck and Mary Isabelle Keys. The pages were Dickson Keys and Philip Mattes. The groom was attended by Dr. George Anderson Blanchard.

The marriage of Miss Nettie Coleman to Dr. Otto Ericsson took place Tuesday afternoon at the residence of the bride's mother, Mrs. A. E. Coleman, on Jefferson avenue. Rev. Dr. McLeod performed the ceremony. Miss Nash and Miss May Couden were the attendants of the bride. Captain Arthur B. Foote was the best man. Dr. and Mrs. Ericsson left soon after the ceremony for their home in Northwood, Dakota.

Miss Gertrude M. Baker and Mr. F. M. Terry, of Rush, were married Wednesday night at the home of the bride's parents, Mr. and Mrs. James Baker, on Eryon street. Rev. Dr. J. B. Sweet performed the ceremony. Miss Pearl Johnson, of Chicago, Ill., was bridesmaid. Mr. William Thomas was best man.

The marriage of Miss Margaret, daughter of Hon. and Mrs. H. W. Edwards, to Mr. Edward Wadsworth Thayer will take place Thursday evening next at 8:30 o'clock in the Washington Street Presbyterian church.

Cards have been issued for the marriage of Miss Mattie G. Munson, of Jefferson avenue, and Oliver D. Bostwick, of Chicago, Ill. The ceremony will be performed June 21.

The marriage of Miss Lavinia Dimmick, daughter of the late E. C. Dimmick, to Dr. Alfred Ree, will take place in the church of the Good Shepherd next Thursday at five o'clock.

There will be an approaching and putting contest today at the Country club, opening at 2:30. The eighteen green will be the basis of operations, and it is expected that a notable gathering will be present, as all members of the Country club are eligible. The prize will be one dozen golf balls, which is an inducement of more practical value than would at first appear to the uninitiated. Everybody is requested to enter. The match will be one of deep interest, and the picturesque effect is one that will appeal to all visitors. Tea will be served as usual.

Today Mr. J. H. Brooks is at Princeton, playing with the champions of earth—this half of it—in a match where Harriman, Colby and all the others of fame in the great golf matches have entered. The results of that game will be awaited with great interest.

Next Saturday the foursome for the cup offered by Mr. T. E. Jones will be played at the Country club.

It takes women to devise means of passing the public, including their friends and particularly the men.

DORCHESTER, MASS.
Established 1826.

There were some "Mythic Chain" ladies, whatever they may be, who, the other night, announced a "Bloomer" Social. There was a surprising large attendance of men, who, it was noticed, gazed inquiringly about and seemed somewhat bewildered by the array of tastefully attired hostesses. As each man entered he was presented with a rose, perfect in its whiteness. It did not dawn on his slow understanding for some hours that the white rose was the "bloomer" part of the entertainment.

Mrs. Frances Hackley, of New York, is the guest of Mrs. H. M. Bates. Yesterday Mrs. Hackley and Mrs. Bates attended the closing exercises of the kindergarten at Archbald, which has been endowed by Mrs. Hackley. The visit was made most interesting and pleasant. More than 70 children were in attendance and Father Comerford, of the Catholic church in Archbald, made an excellent address, in which

he spoke with earnestness of the good work being done in that community through the medium of the free kindergarten.

Mrs. William Henry Stanton, of Honesdale, has announced the marriage of her daughter, Harriet Rena, to Mr. Ralph Fitch Martin, the wedding having taken place on Thursday of this week at the home of the bride's mother.

The entertainment for the benefit of the Free Kindergarten association, held on Thursday night, realized approximately \$195 gross receipts for this most worthy object. Expenses will reduce this to quite a degree. It is a pity that the public in general is so slow to appreciate this noble charity, which is the greatest educational movement of the age for the masses. The members of the association feel that the warmest thanks are due to the Country club members and the many others who assisted in making the presentation of the Gibson pictures one of the most delightful affairs ever held in Scranton.

The beauty and elaboration of the tableaux, the charm of the musical programme, and the general effect of the entire programme is a subject for felicitation to all concerned. The committee of both organizations, the music, the success of Mr. B. E. Watson in announcing the subjects, and the efforts of others who so cheerfully gave their assistance are much appreciated.

On Monday night the annual meeting of the Free Kindergarten association will be held in Guernsey hall. The resignation of Mr. A. D. Holland will necessitate some changes in the board of officers. The reports of kindergarten work will be read and Mr. C. G. Gibson will make the address of the evening. The chief feature of the programme will be the presence of many little children from the various kindergartens who will go through with motion songs. The public is invited to attend.

Royal Van Gorder, of Green Ridge, and Miss Elvira Griffin, of Providence, were married Wednesday evening. The bride is a daughter of Mr. and Mrs. C. G. Griffin, one of the oldest families of Providence. The wedding ceremony was performed by Rev. George A. Cure, in the presence of a select company of friends assembled in the costly furnished rooms on Wyoming avenue, where the new home life will begin.

Mr. and Mrs. John Scism celebrated the fifth anniversary of their wedding at their pleasant home on Quincey avenue, Tuesday night. A large number of guests were present to congratulate the bride and groom upon the half century of happiness passed and the promise of many years to come of health and enjoyment.

Mrs. M. L. Blair gave a social Thursday night to the Gleaners' society of the Simpson church. She was assisted in receiving by Mrs. E. F. Harrison, Miss Emma Lewis, Mrs. J. P. Acker, Mrs. Charles A. Blair, and Miss Augusta Blair. An orchestra furnished music, and the occasion was a delightful one.

Mr. and Mrs. Patrick Moffitt have issued cards announcing the marriage of their daughter, Miss Mary Loretta Moffitt, to Mr. Michael J. O'Toole, on June 20, at 8 a. m., at the Church of St. John the Evangelist, South Scranton.

Mr. and Mrs. G. B. Jermyn delightfully entertained about thirty-five little people yesterday at their home on Quincey avenue, in honor of their little daughter, Margaret.

A little son came yesterday to the home of Mr. and Mrs. Frederick J. Platt.

The Young Ladies' society of the First Presbyterian church was entertained on Monday by the Misses Hand, at their home on Jefferson avenue.

The new Excelsior club rooms on Washington avenue were the scene, Tuesday night, of a pretty reception and euchre party, the first affair given by the club since the members have moved into their new quarters. The rooms were handsomely decorated, and there was dancing. After the euchre, and at midnight, supper was served by Caterer Hanley.

Miss Beulah Hine entertained a few friends at her home, on Adams avenue, Monday night, in honor of Miss Louise Westgate and Miss Pearl Guard, of Forest City. Among those present were the Misses Guard, Westgate, Vaughn, Hine, Messrs. Frank Evans, Frank Hopler, Edward Ott, Charles Sweet.

Miss Janet Dickson is visiting relatives in town. Theodore E. Connell is out after his recent illness. Mr. J. T. Porter and daughter will return from Europe today.

Dr. Bossey gave an interesting address at the Wednesday evening meeting of the Providence Presbyterian church. His theme was "Our Religion and Our Bodies."

Rev. C. G. Spicker, pastor of Holy Trinity Lutheran church, has gone to Philadelphia to attend a meeting of the ministerium of Pennsylvania, which opens tomorrow.

Professor George Howell, superintendent of the city schools, is at West Chester, waiting in connection with the final examination of the students. He is a member of the state examination board for that institution.

Edward Jackson, son of E. S. Jackson, of this city, is a member of the graduating class at the Naval academy at Annapolis. His sister, Miss Jackson, and Harry, are attending the commencement exercises. They are accompanied by Clarence Morse.

James P. Taylor, editor of the Independent Republican, of Montreal, was in this city yesterday upon his return from Chambersburg, where he has been in attendance at the G. A. R. reunion. Editor Taylor is a veteran of the war of 1861-65, having served in the 11th Maine, one of the most gallant and popular regiments at the camp-fire.

Colonel Arthur Long received word yesterday from Chairman Frank Becker, of the Republican state committee, stating that the headquarters of the Pennsylvania delegates to the Republican national convention will be at Hotel Walton, where comfortable quarters have been reserved for the entire delegation. The Walton is Philadelphia's finest hotel.

Miss Elizabeth, daughter of Dr. D. B. Hand, has just returned from Miss Dana's seminary, Morristown, New Jersey, where, by faithful application to her studies, especially the piano, she won for herself a commendable place in the graduating exercises of that distinguished school for young ladies, namely, that of delighting the large and cultured audience there assembled by her artistic playing. Should Miss Hand continue to cultivate her talent for music she will have a brilliant future in that most charming accomplishment.

Next, she began to practice on her husband. Now don't say "Poor man!" for he really enjoyed it. Hitherto he had been regarded at their own table by a relation of details pertaining to domestic difficulties and what Mrs. S. had said about her baby's front teeth. Suddenly, after some weeks, it occurred to the husband that he was being entertained rather better at the dinner table than he had ever been at club luncheons or at his friends' houses. Madame was working off her experiment on him. She told bright little stories which convulsed him with merriment. She surprised him by funny and apt comments on the political issues of the day. Hitherto she had disdained politics and had been rather proud of her ignorance of such questions. She quoted sharp epigrams from new books, and all the time that lovely voice of hers was performing more than half of the enchantment. He took to spending more time at home, and finally, when the day came that she essayed to try her new wings at a large dinner, he went along and was the dazed witness of her first triumph. For surely, and not so slowly, she became a social success. She carefully planned her social campaign, and the little notebook multiplied itself into a big volume.

HER POINT OF VIEW

THE AVERAGE GIRL would rather have beauty than almost anything else in the world. It is all very well to quote to her the adage, "Beauty is only skin deep, or, to repeat the words of wise old Socrates, that 'Beauty is a short-lived tyranny.' She is willing to have it go no deeper than the surface, if she may have it at all, and believes it better to enjoy the triumph of a short-lived tyranny rather than not feel the thrill of power which great beauty gives. The average girl realizes that old Socrates knew a whole lot when he declared that personal beauty is a better introduction than any letter. After all, most of the people we know are scarcely more than introduced to us, we have no time for closer acquaintance, and therefore the truth of the saying is made more significant. They cannot know that we may have under a plain exterior a lovely nature, a rich fund of humor, a gentleness of soul which they would admire more than the most ravishing beauty. So it is small consolation to a girl to be told that Socrates said, 'Beauty is truth, truth beauty,' when she realizes all too well that the truth is she is hopelessly plain, the poet's version of the matter to the contrary notwithstanding, and that she receives neglect instead of the attention she would so much appreciate and which goes in prodigal measure to the beautiful girl who has more than enough of joys and pleasures.

It is so true that "beauty hath a strange power," and whether or not we acknowledge its truth, the fact remains the same and we are daily proving it. Do we not love at first sight a beautiful child, with its tinting of rose and snow, the gold of its hair, the clearness of its glance? Do we not instinctively shrink from the little one with crossed stare, with a blotched skin and heavy features?

I shall never forget the sensations experienced by a group of women engaged in a routine of charity work, where many children were the subjects. A little girl of five years was brought into the room. She entered at a door so that her face was seen in profile, and all involuntarily exclaimed at its beauty, set off by bright, curling hair. Suddenly she turned so that the other side of her countenance became visible, and the onlookers shuddered with an uncontrollable feeling of horror, for the fair little child was a mimic Janus, in that the one side of her face was perfect in contour and coloring, while the other, through some strange, cruel freak of fate, was marred and twisted and seamed as by dark red scars, which had entirely obliterated the features of the face on that side. The children who gazed were accustomed to all sights of ugliness and fearfulness in the waifs which at times drifted into their horizon. They had grown to look deeper than the surface, but they turned aside their eyes in repugnance at the sickening spectacle of such a ghastly trick of nature. The innocent little face that smiled up at them from its beauty side was overwhelmingly obscured by the lingering memory of that awful disfigurement.

Perhaps we know some beautiful women whose loveliness of personal appearance is enchanting. Perhaps we had admired her for years and accredited her with virtues and qualities which closer acquaintance prove never to have existed. We may lose the illusion, beauty may cease to care about her, and she may become a cold, hard, unfeeling creature. It is certainly a great power, and it is not at all wonderful that the voice of the facial mass is heard in the land, and that mothers are taking more precautions with their daughters' faces than with their hearts. It is a power to improve on nature as far as possible.

A lady desirous of social position and leadership found herself hampered by more than an ordinary degree of plainness. Her brow was lined and ugly, her mouth not attractive, and she had a peculiar style of figure or carriage. But two things she had in her favor of ambition and a low, musical voice in speaking. The great difficulty was that she could not speak. That is, she had nothing to say and was unable to say it well, so she rode backward in friends' carriages and sat in corners otherwise with little companionship.

Finally, she had a plain talk with herself, such as she couldn't have with anybody else and as most women avoid in their own case, and she thought, "I can enjoy my life as I am, but I will make it more comfortable for myself by improving my voice. I have read more than most women. I have few prejudices to cherish and no grudges to pay. I am too sensitive to comment to achieve the doubtful eminence of being daring in speech, but I am going to overcome this stupid, blundering method that has been mine and I am going to have something to say." So she procured a notebook, a tiny affair, which would tuck into her glove, and she took surreptitious notes.

When she heard a bright remark she jotted down a word or two, even a flash to mind. When she heard a fresh, clever story at a dinner she formed the habit of placing it in her notebook as soon as she reached home. When the anecdotes were original she noted the name of the raconteur, and this little incident on her road to fame made a big stepping-stone later on to help her across unpleasant places.

Next, she began to practice on her husband. Now don't say "Poor man!" for he really enjoyed it. Hitherto he had been regarded at their own table by a relation of details pertaining to domestic difficulties and what Mrs. S. had said about her baby's front teeth. Successful Home Treatment

DR. HARTMAN'S CURE FOR FEMALE DISEASES—A GENEROUS OFFER TO WOMEN.

Invalid Women Are Applying by Thousands for Dr. Hartman's Free Home Treatment by Letter.

of them suffer with such diseases. Patiently, hopefully, wearily, and often silently, they seek out a miserable existence year after year. No Martyr in poetry, or heroine in romance makes a more touching appeal to human sympathy than the woman burdened with the extra load of some tormenting and ever-present female ailment. Dr. Hartman's sympathy for such is unbounded, and his willingness to help them limited only to his power.

DR. S. B. HARTMAN.

A woman confined to the house several years with a chronic female disease, had finally given up all hope of being cured. She had tried physician after physician, and remedy after remedy, without any permanent improvement. Her treatment had cost her husband who was a poor man, hundreds of dollars. They had been obliged to deny themselves many comforts of life in order to get money enough to pay the bills.

Picking up the paper one day she happened to read an item which contained the news that Dr. Hartman would treat such cases free of charge by letter. She immediately wrote the doctor, describing her case, and giving him all her symptoms. She soon received a letter telling her exactly what to do and what medicines and applications to get. She began the treatment (the principal remedy being Peruna) at once, and in a few weeks was well and strong again and able to do her own work.

Another woman who used Peruna without becoming one of Dr. Hartman's regular patients had the following experience. Miss Ida Green writes from Baldwinville, Ga.: "Peruna is wonderful and good, and a certain cure for female weakness. I have been ill and have been taking doctor's medicine for several years, and found that none did me any good. 'Every day it was a worry. I was always sick. I had come to the conclusion to give up, and not use any more medicine. I was sick indeed for the past two years. Just before I began to take Peruna I was very weak, besides I was bilious and constipated. 'I had pains in my back and side and a falling of the womb, with bearing down pains. 'One day while reading my newspaper, I came across an ad. read of the book for women entitled 'Health and Beauty' and sent for it. Then I began to use the medicine. After using several bottles I am now thoroughly cured. Send for free book entitled 'Health and Beauty.' Address Dr. Hartman, Columbus, Ohio.

In view of the great multitude of women suffering from some form of female disease, and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months, without charge.

The treatment will be conducted by correspondence. The doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. The medicines prescribed can be obtained at all drug stores. This offer will hold good only during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her disease. All cases of female diseases, including menstrual irregularities, displacements, ulcerations, inflammations, discharges, irritation of the ovaries, tumors and dropsy of the abdomen, should apply at once and become registered as regular patients. All correspondence will be held strictly confidential. No testimonials of cures will be given to the public except by the express wish of the patient.

As is well known, Dr. Hartman is the President of the Hartman Sanitarium, an institution which has a department devoted exclusively to the treatment of female diseases. He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondence. The principal remedy he relies upon in such cases is Peruna, which every woman should have, who has any affection of this kind. Those wishing to become patients should address Dr. S. B. HARTMAN, COLUMBUS, OHIO.

No one knows better than Dr. Hartman how much the women suffer with diseases peculiar to their sex. No one knows better than he does how many

shunned, and that sweetness of soul and beauty of spirit toward all the world will so mould her brow, will so curve her lips with gentleness and grace that it shall so happen that one of the days of her life and thereafter she will be called beautiful by those who know her, and they will mean what they say. Saucy Bess.

MUSICAL GOSSIP.

Fritz Kreisler, the Austrian violinist, who is to visit this country during the coming season under the management of Mr. Henry Wolfson, is by no means a stranger here. He was heard in this country some years ago in conjunction with Morris Rosenthal. At that time his success was phenomenal, though he was but 26 years of age. Of late years he has been concentrating in Europe and principally in Germany, where he is ranked with the foremost masters of the violin.

His reappearance in this country will be early in November in New York city at one of the symphony concerts.

Miss Irene Kane, solo soprano of St. Luke's choir, will be numbered among the most talented young singers of Scranton, possessing a voice which shows that she has thus far pursued the study of music in a careful and somewhat manner. Her rendition of the solo in the offertory at St. Luke's church on Sunday morning was a surprise to some of her most ardent admirers, so well was the theme interpreted. Miss Kane has a voice of unusual purity and sweetness that has not been warped by cultivation, and her future progress will be regarded with pleasure by musical and other friends.

Mr. Henry Wolfson has made the following important engagement for the Worcester Musical Festival, which takes place the last week in September. Lillian Blauvelt, Sarah Anderson, H. Ryan Williams, Theodor Van Vorst, Gerdine Miles and Camperio. Schumann-Brahms will also appear at two of the concerts. Negotiations with other artists are pending. Among the works to be produced are the following: Cesar Franck's "Les Bouteilles," Arthur Sullivan's "Golden Legend," and Brahms' "German Requiem."

List of prominent artists in America this coming season under management of the Wolfson Musical Bureau is as follows: Lillian Blauvelt, prima donna, October, November and December; Mr. and Mrs. George Henschel, vocal recitals, January until May; Ernst Von Dohnanyi, recitals, January until May.

George H. Loose, who came to New York from Spokane, Wash., is now one of New York's leading church singers. At the aristocratic Church of the Heavenly Rest on upper Fifth Avenue, he is the idol of the congregation. Henry E. Duncan, the choir-master, says: "His is the best boy's voice I have ever heard."
